Arab Conference on Information, Communication, and Space Technology

(ARAB ICST 2026) Egypt - 8th Edition | 14 – 16 April 2026

The Arab Conference on Information, Communication, and Space Technology (**ARAB ICST 2026**), now in its eighth edition, is a leading Arab scientific and engineering event covering Artificial Intelligence, Information and Communication Technology, and Space Engineering. Held under the umbrella of the Federation of Arab Engineers, the 2026 edition will be hosted for the first time in the Arab Republic of Egypt, organized by the Egyptian Engineers Syndicate in collaboration with the Military Technical College. ARAB ICST 2026 brings together researchers, engineers, industry experts, and decision-makers to exchange knowledge, present advanced research, explore emerging technologies, and build strategic partnerships supporting digital transformation and sustainable development across the Arab world.

Conference Tracks

1- ICT for Infrastructure Management
2- Digital Transformation Technologies
3- Artificial Intelligence in Engineering Applications
4- Internet of Things (IoT) for Smart Communities
5- Cybersecurity and Information Assurance
6- Cloud Computing and Big Data Analytics
7- Augmented Reality Systems and Applications
8- Machine Learning for Signal Processing and Computer Vision
9- Satellite Communications and Space-Based Networks
10- Space Engineering and Space Systems

Important Dates

- Deadline for Full Paper Submission: 15 February 2026
- Notification of Acceptance: 27 February 2026
- Conference Dates: 14–16 April 2026

Registration Fees

Category	Non-IEEE Member	IEEE Member
Author (Non-Egyptian)	100 USD	75 USD
Author (Egyptian Residence)	30 USD	25 USD
Student Author (Egyptian Residence)	15 USD	10 USD
Student Author (Non-Egyptian)	50 USD	45 USD
Non-Author Attendance (Non-Egyptian)	300 USD	250 USD
Non-Author Attendance (Egyptian Residence)	50 USD	45 USD
